

Project Update No 16 | March 2018

Epuron is pleased to announce the approval of the Liverpool Range Wind Farm on 29 March 2018

**Our thanks** to all members of the community who have contributed their time and energy by engaging with us through the lengthy development stage of the wind farm. Their efforts to assist us to reduce the impacts and maximise the benefits through the design of the wind farm are greatly appreciated.

The full approval conditions, and the recommendation report are on the Department of Planning and Environment's website - <http://majorprojects.planning.nsw.gov.au/> and search for Liverpool Range

and on Epuron's website - <http://epuron.com.au/wind/liverpool-range/>

We will now work to deliver this exciting project as soon as possible.

Our first step is to work through the conditions of approval and ensure that seasonal surveys and other essential tasks are underway.

In line with discussions at the most recent Community Consultative Committee we will also plan for a workshop for businesses and individuals locally who might be interested in applying or tendering for work on the construction of the wind farm.

## Liverpool Range Wind Farm quick facts:

267 wind turbines approved, if all are built it will:

- provide enough power for around 380,000 homes
- create up to 800 jobs in the region during construction
- inject over \$250 million into the local economy
- contribute up to \$800,000 per annum in community benefit funding
- save the equivalent of 6,000 Olympic sized swimming pools worth of water each year compared with coal fired electricity.

## Epuron's Wind & Solar sites :

### *in Operation (ownership)*

- Cullerin Range (EDL)
- Gullen Range (NGRWF)
- White Rock (Goldwind/CECEP)
- Uterne Solar (Epuron)
- Yulara Solar (Epuron)
- TKLN Solar (Epuron)

### *In construction:*

- Silverton WF (AGL/PARF)
- Clermont Solar Farm (Wirsol Energy)

### *Approved:*

- Rye Park WF (Tilt Renewables)
- Coppabella WF (Goldwind)
- Nevertire Solar (Epuron)
- Walgett Solar (Epuron)
- Katherine Solar (Epuron)
- **Liverpool Range WF (Epuron)**
