

# Western Plains Wind Farm Photomontage

**Photomontage view from Church Street (Abbey's on Church)**  
Near the corner of Fletcher Street, Coordinates: Easting 356172, Northing 5486500

**Wireframe view from Church Street (Abbey's on Church)**  
Approximate distance to closest wind turbine T1 is 4,450m (bearing to T1 from this viewpoint is 315 degrees)

**Aerial of photograph location**

**Photomontage location plan**

**Existing panorama view from Church Street (Abbey's on Church)**

\*The purpose of this Photomontage is to provide a 'representation' of the possible visual impact of this project for the purpose of discussion. The layout is subject to change in accordance with the planning process. These images give a reasonable impression of the scale of turbines and the distance to turbines, but due to vegetation screening and the complexity of working off useful landscape features, they cannot be 100% accurate. A static image cannot convey turbine movement, different lighting, weather and seasonal conditions that vary through time and resolution of image. Wireframe limitations: A wireframe image gives a reasonable impression of the scale of the turbines relative to the surrounding landscape features, but can never be 100% accurate. A static wireframe image cannot convey turbine movement.
