

Project Area Boundary	Important Greater glider habitat	Rainforest
Turbine Layout	Potential Greater glider habitat	Watercourse
Met-Mast	Potential Red goshawk habitat	Wet tall open eucalypt forests
Project Footprint	Potential Magnificent broodfrog habitat	Dry open eucalypt forests
Homestead	Rainforest	EPBC Flora - Known Populations
275 kV Overhead Reticulation	WTQ Boundary	Rocky Pavement/Shrubland
33 kV Overhead Reticulation		Property Boundary
Existing 132kV Powerline		Easement
Existing 275kV Powerline		

PROJECT
Chalumbin Wind Farm
